**Subject:** Leviathan Mine Site - Response to Comments and Final Reference Area Focused Remedial Investigation Work Plan Revision No. 1

Lynda,

On behalf of Atlantic Richfield, Amec Foster Wheeler is submitting:1) response to comments provided by the U.S. Environmental Protection Agency (U.S. EPA) regarding the Final Reference Area Work Plan dated January 19, 2017, and 2) the Final Reference Area Focused Remedial Investigation Work Plan, Revision 1, Leviathan Mine Site, Alpine County, California.

This document has been loaded to the Leviathan Mine SharePoint. Because of the extensive size of the appendices, we cannot create a single pdf of the document. Instead we have created a single pdf that contains the transmittal letter, responses to comments, text, tables, and figures. Each appendix is provided in a separate folder.

Hard copy to follow.

This notification is to inform you of folders/documents stored on this [site](#). Click here to directly access the [folder](#) where these folders/documents are stored. Click on the links below to access each folder/document individually:
